MONTANA
FISH AND GAME DEPARTMENT
FUR ANIMAL SEASONS
1958-59
Regulations Adopted by Montana Fish and Game Commission
August 18, 1958

Taking of Fur Animals During The Open Season By Any Means Other Than Trapping Is Prohibited By Fish And Game Commission Regulations Except As Otherwise Specified.

MINK: Open season from November 10, 1958, to December 31, 1958, inclusive.

FOX: Open season entire year. May he taken by trapping or shooting.

MUSKRAT:

WESTERN MONTANA: (As designated on Trapper Map)

Open season from November 10, 1958, to December 31, 1958, inclusive.

Special Season: Lands lying within the following irrigation districts shall be open to the trapping of muskrats from November 10, 1958, to April 30, 1959, inclusive.

Flathead district (excluding all Indian allotted or tribal lands) in Lake or Sanders Counties.

Fairfield district in Cascade and Teton Counties.
Brady district in Pondera and Teton Counties.
Valier district in Pondera and Teton Counties.

EASTERN MONTANA: (As designated on Trapper Map)

Open season from November 10, 1958, through April 30, 1959, inclusive.

TRAPPING IN MUSKRAT HOUSES: Traps may be set in muskrat houses provided the part removed is replaced after insertion of the trap; this also be done after removal of the trap. It is unlawful for any person at any time to wilfully destroy, leave open, or partially destroy any muskrat house.

MARTEN: Open season from November 10, 1958, to January 31, 1959, inclusive, except as follows:

The following described areas are closed to trapping of marten until further notice to assure the undisturbed increase of marten released in these areas in efforts to establish marten populations.

Blacktail Mountain Area:

That area included within the drainage of Truman Creek, tributary to Ashley Creek in Flathead County.

Logan Creek Area:

That area included within the drainage of Logan Creek, tributary to Stillwater River in Flathead County.

Thompson River Area:

Those areas included within the drainages of Big Rock Creek, Chippy Creek, Little Rock Creek and the Little Thompson River, tributaries of the Thompson River in Flathead and Sanders Counties.

Birch Creek Area:

Those areas included within the drainages of Big and Little Birch Creeks in the Belt Mountains in Meagher County.

Marten Pelts must be tagged by the Game Warden residing in the district where pelts were taken within twenty (20) days of the closing of the open season.

OTTER: Open season from November 10, 1958 to April 30, 1959, inclusive.

LIMIT: Trappers may take and possess only one (1) otter each.

FISHER: Closed.

CLOSED TO TRAPPING: All National Wildlife Refuges and all Indian allotted or tribal lands. Permits to trap on National Wildlife Refuges may be issued by Refuge Manager. For trapping privileges on other than Blackfeet, Cheyenne, and Flathead Indian Reservations, see local agency in question.

TRAPPING LICENSES: Apply to the State Fish and Game Department, Helena, Montana.

General Trapper's License—$10.00—Applicants must give number of their 1958 Bird and Fish License. Residents 70 years of age or over do not need the Bird and Fish License, but must carry proof of age.

Landowner's Trapping License — $1.00 — Applicants must give description of land owned or leased.

MONTANA FISH AND GAME LAWS
provide as follows:

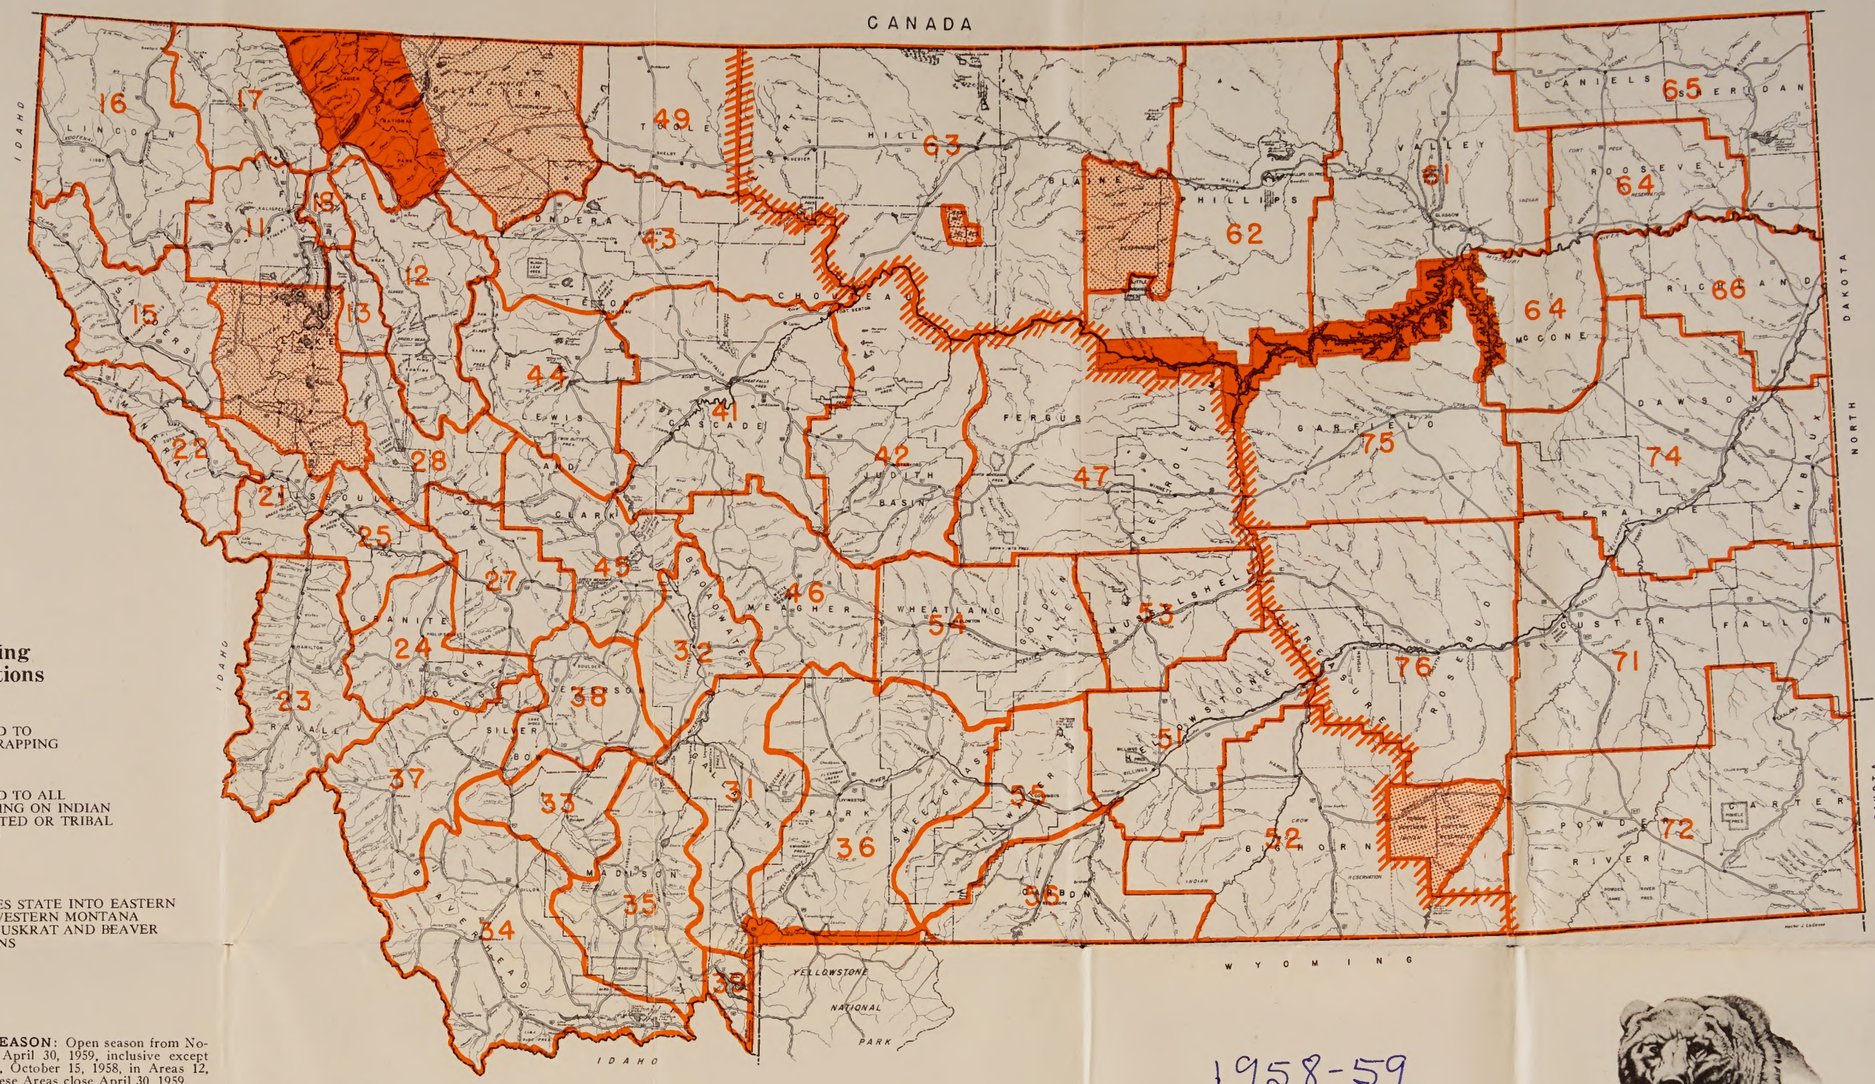
TAGGING TRAPS: Any person trapping fur-bearing animals or predatory animals for their pelts shall fasten a metal tag to all such traps bearing in legible English the name and address of the trapper, except that no tag shall be required on traps used by landowners trapping with permit on their own land, and irrigation ditch right-of-way contiguous to the land.

SHIPPING PERMIT: Any person who desires to ship, take or transport in any manner out of the State any fur-bearing animals, or the skins of fur-bearing animals, or parts thereof, shall first procure a shipping permit, said permit to be kept with said fur-bearing animals, or the skins from fur-bearing animals, or parts thereof, until the same have reached their destination, and if said fur-bearing animals, or the skins from fur-bearing animals, or parts thereof, are to be shipped, said permit shall be presented to the transportation company with consignment.

Shipping permits for beaver and marten must be obtained from your local Game Warden or from the nearest District Office or the State Fish and Game Department, Helena, Montana.

Shipping permits for mink, muskrat, otter, and fox may be obtained from any license agent.

A charge of sixty cents (60c) is made for each shipping permit.



Trapping Regulations

CLOSED TO ALL TRAPPING

CLOSED TO ALL TRAPPING ON INDIAN ALLOTTED OR TRIBAL LANDS

DIVIDES STATE INTO EASTERN AND WESTERN MONTANA FOR MUSKRAT AND BEAVER SEASONS

GENERAL BEAVER SEASON: Open season from November 10, 1958, to April 30, 1959, inclusive except special early opening, October 15, 1958, in Areas 12, 23, 32, 34, and 37. These Areas close April 30, 1959.

Note: Owners and lessees of real estate being damaged by beaver may apply for a permit to trap beaver under other provisions of the law. Please see your local Game Warden for further information.

Only persons 12 years or older and in possession of a 1958-59 General Trapper's License may apply for a General Beaver Season Permit. (General Trapper License may be applied for at the time of application for General Beaver Season Permit.)

WESTERN MONTANA: (As designated on Trapper Map)

Application:

General Beaver Season Permit applications for all Western Montana Beaver Trapping Areas must be received by the State Fish and Game Director at Helena on or before October 1, 1958.

Applications must be made on forms available from Game Wardens, District Offices, and the State Fish and Game Department, Helena, Montana.

Areas:

Beaver Trapping areas are described on the Trapper Map. Applicants may choose any one area described on the Trapper Map.

Trappers may not transfer from one Western Montana area to another.

Trappers may transfer to Eastern Montana by making application to the Miles City or Glasgow District Offices for issuance of a permit for that area.

Limits:

Some Beaver Trapping Areas have a set quota of beaver to be taken as designated on the Trapper Map. In each of these areas the limit per trapper will be established by dividing the beaver quota among the applicants. No limit will be set on the number of beaver a trapper may take in those areas marked "No Limit" on the Trapper Map.

Permits:

Permits will be released November 1, 1958, for all areas opening November 10, 1958. The trapper may then obtain the permit from the Game Warden in his Beaver Trapping Area. Permits are not valid unless signed by both the permittee and the Game Warden on or before the thirtieth day following the opening of the General Beaver Season in the applicant's chosen Beaver Trapping Area.

General Beaver Season Permits are not valid on privately owned or leased land unless properly signed by the owner or lessee of said land. (In the case of absentee ownership a letter from the owner or lessee to the trapper containing permission to trap beaver must be obtained by the trapper.)

The General Beaver Season Permit is not transferable. It shall be in the personal possession of the trapper when said trapper is engaged in trapping beaver on said permit.

Location of Trapping Within Area:

Game Wardens shall have the authority to designate specific beaver trapping locations within each Beaver Trapping Area in their District, for each beaver trapper legally registered therein. Trappers must abide by this designation and may not trap beaver in any other locality on the General Beaver Season Permit.

Means of Taking:

Beaver may be taken in Western Montana only by trapping. Live beaver may not be possessed except under the provisions of fur farm permits.

Applications and Fees for Beaver Tags:

Application for beaver tags may be obtained from your local Game Warden or District Office. Applications for tags must be sent to the Game Warden for the Beaver Trapping Area wherein the beaver were taken. Trappers must remit 50c for each tag needed.

All General Beaver Season Permits must be properly filled out and turned in to the Game Warden in the area for which it was issued within ten (10) days after the closing of the General Beaver Season. The last page of said permit, when properly filled out, constitutes an application for beaver tags. The trapper will remit to the Game Warden at this time 50c for each beaver tag needed.

PLEASE NOTE: A number of mink, beaver, and marten have been ear-tagged for purposes of scientific study. If one of these animals is captured, please notify the nearest Game Warden or District Office of the tag number or numbers and the locality of capture. The ear tags are about one-half inch long by one-eighth inch wide and bear the letters MFGD on one side and number on the reverse.

1958-59

MONTANA
Fish and Game Department Trapper Map

EASTERN MONTANA: (As designated on Trapper Map)

Application and Issuance of Permits:

General Beaver Season Permits for Eastern Montana will be available on or afer November 1, 1958, and may be obtained **only** by applying to the State Fish and Game Wardens and District Offices listed on the Trapper Map for Eastern Montana. Permits will be issued by these wardens and offices at the time of application. **Do Not Send Your Application to the Helena Office.**

Applications must be made on forms available from Game Wardens, District Offices and the State Fish and Game Department, Helena.

Areas:

General Beaver Season Permittees legally registered in Eastern Montana may trap beaver in any Beaver Trapping Area or Areas therein, **provided, however, that beaver pelts must be tagged by the Game Warden for the county wherein they were taken or by the nearest warden thereto.**

Limits:

There is no limit on the number of beaver a trapper may take in Eastern Montana.

Permits:

General Beaver Season Permits are not valid on privately owned or leased land unless properly signed by the owner or lessee of said land. (In the case of absentee ownership a letter from the owner or lessee to the trapper containing permission to trap beaver must be obtained by the trapper.)

The General Beaver Season Permit is not transferable. It shall be in the personal possession of the trapper when said trapper is engaged in trapping beaver on said permit.

Means of Taking:

Beaver may be taken in Eastern Montana by trapping or shooting. Live beaver may not be possessed except under the provisions of fur farm permits.

Application and Fees for Beaver Tags:

Applications for beaver tags may be obtained from your local Game Warden and District Offices. Applications for tags must be sent to the Game Warden for the county wherein the beaver were taken or to the nearest warden thereto. Trappers must remit 50c for each tag needed.

All General Beaver Season Permits must be properly filled out and turned in to the nearest Game Warden within ten (10) days after the closing of the General Beaver Season. The last page of said permit when properly filled out constitutes an application for beaver tags. The trapper will remit to the Game Warden at this time 50c for each beaver tag needed.

McKEE PRINTING CO. BUTTE, MONTANA

1958-1959 GENERAL BEAVER SEASON

Only One Area May Be Chosen

AREA:

11. That portion of Flathead County bounded by the county line on the south, the Flathead River on the east, north to Columbia Falls, thence west along State Highway No. 40 to Whitefish, thence along U. S. Highway No. 93 to the Tally Lake-Star Meadow Road and west along this road to the Lincoln County line, then south along county line to the point of beginning, shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

12. That portion of Flathead, Lewis and Clark, Powell and Missoula Counties including the South Fork of the Flathead River drainage, and, the Middle Fork of the Flathead River drainage upstream from the mouth of Bear Creek, shall be open to trapping for 200 beaver by General Beaver Season Permit only, from October 15, 1958 through April 30, 1959.

13. That portion of Lake County including the Swan River drainage, shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

15. Sanders County in its entirety except the Flathead Indian Reservation, shall be open to trapping for 250 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

16. Lincoln County in its entirety except that portion east of a line beginning at the International Boundary and extending south down the Kootenai River to Rexford, thence along the Wolf Creek-Twin Meadow Road to the Lincoln County line, shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

17. Those portions of Lincoln and Flathead Counties bounded on the north by the International Boundary, on the west by a line extending south from the International Boundary down the Kootenai River to Rexford, thence south along the Wolf Creek-Twin Meadow Road to the Wolf Creek-Sheppard Creek divide; on the south by the Tally Lake-Star Meadows Road eastward to U. S. Highway No. 93, thence to the junction with State Highway No. 40, thence eastward to Columbia Falls; on the east by the Flathead River northward to the mouth of the North Fork of the Flathead River, and thence northward along said North Fork to the International Boundary, shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

18. Those portions of Flathead County including the Middle Fork of the Flathead River and tributaries entering said Middle Fork from the south below the mouth of Bear Creek, and that area bounded by a line beginning at the mouth of the Flathead River at Flathead Lake, thence eastward along the Flathead-Lake County line to the divide between the South Fork of the Flathead and main Flathead River drainages, thence northward along said divide to the main Flathead River, thence southward along said river to the point of beginning shall be closed to General Beaver Season trapping.

21. That portion of Missoula County lying west of U. S. Highway 93 from Missoula south, and west of the Rattlesnake Creek drainage, shall be open to trapping for 75 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

22. Mineral County in its entirety shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

23. Ravalli County in its entirety shall be open to trapping for 750 beaver by General Beaver Season Permit only, from October 15, 1958 through April 30, 1959.

24. That portion of Granite County lying within the following drainages: Upper Rock Creek above and including Stony Creek, and Flint Creek and that portion of Deer Lodge County lying within the Clark Fork drainage, shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

25. Those portions of Missoula and Granite Counties lying within the Clark Fork River drainage between Drummond and Missoula and east of U. S. Highway 93 from Missoula south, east of and including the Rattlesnake Creek drainage, but excluding the Upper Rock Creek drainage above Stony Creek and the Upper Blackfoot River drainage above the Gold Creek and Union Creek drainages shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

27. That portion of Powell County lying south of the Blackfoot River and that portion of Granite County in the Clark Fork drainage above Flint Creek shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

28. Those portions of Missoula and Powell Counties lying north of and including the Belmont Creek and Elk Creek drainages, within the Blackfoot-Clearwater drainages and that portion of Lewis and Clark County included within the drainage of the North Fork of the Blackfoot River shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

31. Those portions of Gallatin, Madison, and Park Counties lying within the drainage of the Gallatin River and its tributaries, and within the drainage of Sixteen Mile Creek and its tributaries; also those parts of Madison and Gallatin Counties within the drainage of that section of the Madison River from the Madison County line (where it crosses the river between Cherry and Elk Creeks) to its mouth, and the drainages of all tributaries entering the Madison River within this section; and also those parts of Broadwater, Gallatin, and Jefferson Counties containing the Missouri River proper from Sixteen Mile Creek to its origin and the Jefferson River proper from its mouth to Sappington Junction, and the drainages of all tributaries to the above described sections of the Missouri and Jefferson Rivers lying within Gallatin County shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

32. Those portions of Broadwater, Jefferson, and Lewis and Clark Counties lying within the drainage of that section of the Missouri River between Lombard and Canyon Ferry Dam, and the drainages of all tributaries entering the Missouri River within said section shall be open to trapping for 300 beaver by General Beaver Season Permit only, from October 15, 1958 through April 30, 1959.

33. That part of Beaverhead County lying within the drainages of streams entering the Big Hole River from the west between and including Sawmill Gulch (across Big Hole River from Divide) and Rock Creek; and that section of the Big Hole River proper in Beaverhead, Silver Bow, and Madison Counties from the mouth of Moose Creek downstream to its confluence with the Jefferson River and that portion of Silver Bow and Madison Counties lying within the drainage of said section of the Big Hole River and within the drainages of tributaries entering said section; also that portion of Madison County lying within the drainage of the Jefferson River and its tributaries except Big Antelope, Sage, and Willow Creeks and that part of the Beaverhead River and its entering tributaries upstream from and including Trout Creek near the "Beaverhead Rock" northeast of Dillon, and except that part of the Ruby River and its entering tributaries ustream from the Ruby River Storage Project Dam, and except the Alder Creek drainage (tributary to the Ruby River) shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

34. All of that part of Beaverhead County drained by the Beaverhead River and its tributaries, and that portion drained by those tributaries of the Big Hole River entering said river from the west between the mouth of Rock Creek and that point downstream where the Madison-Beaverhead County line diverges from the river, Rock Creek drainage is excluded; and also that part of Madison County drained by tributaries entering the Beaverhead River upstream from and including Trout Creek near the "Beaverhead Rock" northeast of Dillon shall be open to trapping for 500 beaver by General Beaver Season Permit only, from October 15, 1958 through April 30, 1959.

35. All of Madison County lying within the drainage of the Madison River and its tributaries except that part of Madison County lying within the drainage of Beaver Creek (which enters the Madison River near the outlet of Hebgen Lake) and that part of Beaverhead County lying within the Madison River drainage; and that portion of Madison County lying within the drainage of that part of the Ruby River and its tributaries upstream from the Ruby River Storage Project Dam; and that part of Madison County lying within the drainage of Alder Creek and its tributaries (Alder Creek is tributary to the Ruby River); also that part of Madison County within the drainages of Big Antelope, Sage, and Willow Creeks (all three tributaries of the Jefferson River) shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

36. Those portions of Park, Gallatin, Meagher, and Sweetgrass Counties lying within the drainage of the Yellowstone River and its tributaries except that part of Sweetgrass County lying within the Stillwater River drainage and that part of Park County lying within the Clark Fork River drainage shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

37. Those parts of Beaverhead, Silver Bow, and Deer Lodge Counties lying within the area drained by the Upper Big Hole River and its entering tributaries upstream from and including Divide Creek; and those tributaries of Divide Creek entering only from the west; and that part of Silver Bow County lying within the drainage of the Clark Fork River downstream from the junction of Highways 10 and 91 (Nestler's Junction) and the drainage of its tributaries entering the river downstream from said junction shall be open to trapping for 1,000 beaver by General Beaver Season Permit only, from October 15, 1958 through April 30, 1959.

38. That portion of Jefferson County drained by tributaries of the Jefferson River entering the river between Sappington Junction and Parsons Bridge (north of Waterloo); and those parts of Madison and Jefferson Counties containing the Jefferson River proper between Sappington Junction and Parsons Bridge; and that part of Silver Bow County south and east of Highway 91 drained by the Clark Fork River and its tributaries; and that part of Silver Bow County drained by the Moose Creek drainage and by the tributaries of Divide Creek entering said creek from the east; and that portion of the Big Hole River proper in Silver Bow and Beaverhead Counties between the mouth of Divide Creek and the mouth of Moose Creek, including Moose Creek but excluding Divide Creek, shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

39. That part of Gallatin County lying within the Upper Madison River drainage upstream from the Gallatin-Madison County line where said line crosses said river between Eagle and Beaver Creeks; and that portion of Madison County lying within the drainage of said Beaver Creek shall be closed to General Beaver Season trapping.

41. Cascade County in its entirety and those portions of Teton and Chouteau Counties bounded on the north by the Teton River, on the west by U. S. Highway 89 and the Lowry-Fairfield Road, and on the east by a line beginning at Fort Benton and proceeding southward along the east side of the Shonkin Creek drainage to the Chouteau-Judith Basin County line, shall be open to trapping for beaver by General Beaver Season Permit from November 10, 1958 through April 30, 1959.

42. Judith Basin County in its entirety, that portion of Chouteau County lying south of the Missouri River and east of the Shonkin Creek drainage, and that portion of Fergus County lying west of the Judith River, shall be open to trapping for 250 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

43. Those portions of Glacier, Pondera, Toole, Liberty, Chouteau, and Teton Counties lying west of the Missouri River and south of the Marias River, Blackfoot Indian Reservation, and Glacier National Park; and bounded on the south by the Teton River upstream to the mouth of Deep Creek, thence to the Continental Divide along the divide separating the main Teton River drainage from the Deep Creek and Sun River drainages, shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

44. Those portions of Lewis and Clark and Teton Counties including the Willow Creek, Deep Creek, Sun River, Dearborn River, Wolf Creek, and Rock Creek drainages shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

45. Those portions of Lewis and Clark and Jefferson Counties including Prickly Pear Creek drainage and the Missouri River with its entering tributaries from Canyon Ferry Dam to the northern boundary of the Gates of the Mountains Closure and the upper drainages of the main fork of the Blackfoot River shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

46. Meagher County in its entirety, except the Shields River drainage, shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

47. Those portions of Garfield and Rosebud Counties through which the Musselshell River flows, Petroleum County in its entirety and Fergus County in its entirety, except that portion west of the Judith River, shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

49. That portion of Glacier County east of the Blackfoot Indian Reservation and that portion of Toole County north of the Marias River, shall he closed to General Beaver Season trapping.

51. That portion of Treasure County through which the Big Horn River flows, that portion of Carbon County through which the Yellowstone River flows, and Yellowstone County in its entirety shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

52. Big Horn County in its entirety, except the Tongue River-Northern Cheyenne Indian Reservation shall be open to trapping for 350 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

53. Musselshell County in its entirety, and that portion of the Musselshell River proper between Rosebud and Musselshell Counties shall be open to trapping for 200 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

54. Wheatland and Golden Valley Counties in their entireties and that portion of Sweet Grass County included within the drainages of American Fork and Fish Creek, and that portion of Stillwater County included within the drainage of Big Coulee Creek shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

55. Those portions of Park, Sweet Grass, Stillwater, and Carbon Counties included within the drainage of tributaries to the Yellowstone River which enter said river within Stillwater County, and the Yellowstone River proper within Stillwater County, shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

56. Those portions of Park and Carbon Counties included within the Stillwater, Clark Fork, and Big Horn River drainages shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 10, 1958 through April 30, 1959.

61. Valley County except the Fort Peck Game Range shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

62. That portion of Phillips County except the Fort Belknap Indian Reservation and the Fort Peck Game Range, shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

63. Those portions of Liberty, Hill, Blaine and Chouteau Counties, lying north of the Marias and Missouri Rivers, except Fort Belknap and Rocky Boy Indian Reservations, shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

64. That portion of Roosevelt County west of State Highway No. 16 and that portion of McCone County west of the Circle-Wolf Point Highway and north of the Circle Jordan Highway, except the Fort Peck Game Range, shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

65. Daniels and Sheridan Counties in their entireties, and that portion of Roosevelt County east of State Highway No. 16 shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

66. Richland County in its entirety and that portion of McCone County east of the Circle-Wolf Point Highway and north of a line continuous with the east-west McCone-Dawson County line in the vicinity of Vida, shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

71. Custer and Fallon Counties in their entireties shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

72. Powder River and Carter Counties in their entireties shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

74. Dawson, Prairie, and Wibaux Counties in their entireties, and that portion of McCone County in the Redwater River drainage between Circle and the Dawson County line, shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

75. Garfield County in its entirety, except the Fort Peck Game Range and the Musselshell River (see Area 47) shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

76. Treasure and Rosebud Counties in their entireties, except the Tongue River-Northern Cheyenne Indian Reservation, and the Musselshell River (see Areas 47 and 53) shall be open to trapping for beaver by General Beaver Season Permit, from November 10, 1958 through April 30, 1959.

WESTERN AND EASTERN MONTANA as designated on the Trapper Map, are separated by the following line: Beginning at the International Boundary and proceeding in a southerly direction along the common boundary of Toole and Liberty Counties to the Marias River, thence in a southeasterly direction along the Marias River to its confluence with the Missouri River, thence in a southeasterly direction along the Missouri River and south bank of the Fort Peck Reservoir to the point where the county line between Petroleum and Garfield Counties diverges from said reservoir, thence south along the east bank of the Musselshell River, including said river in western Montana, to the point where the common boundary of Musselshell and Rosebud Counties diverges from the Musselshell River, thence south to the Montana State line along county lines bordered on the west by Musselshell, Yellowstone and Big Horn Counties and on the east by Rosebud, Treasure, and Powder River Counties.
